EDUCATION

London Business School, Ph.D. in Finance — 2026 – present

University of California, Berkeley, Master of Analytics — 2024

University of California, Berkeley, B.A. in Economics and Data Science — 2023

RESEARCH INTERESTS

Financial econometrics, machine learning in finance.

WORKING PAPERS

Jump Comovement in Industry and Ownership Networks
Preliminary.

A Comparative Analysis of Machine Learning Outlier Detection Methods for Robust Causal Inference

PRESENTATIONS

Pre-Doctoral Economics Conference, Yale University — 2026

AWARDS

IEOR Merit Scholarship, UC Berkeley — 2023

Persistence Award, Cal Men's Rowing — 2024

PROFESSIONAL EXPERIENCE

Amazon, Economist Apprentice, Seattle, WA — 2024 – 2026

- Worked with Amazon Scholars on forecasting research, including Bayesian hierarchical and time-series foundation models for global sales.
- Evaluated seller policies with causal inference methods, including double machine learning and Bayesian structural time series.
- Built AI agents for economic analysis and data querying.

UC Berkeley, Analytics Ambassador, Master of Analytics program — 2023 – 2024

Andersen Tax, Tax Associate Intern, San Mateo, CA — 2022

SKILLS

Programming: Python (PyTorch, PyMC, scikit-learn, pandas), R, SQL, Git, AWS

ATHLETICS

Cal Men's Rowing, national champions in 2022 and 2023 — 2020 – 2024
